

# DAVID ABEJÓN HERAS

INFORMATICS ENGINEER

## ABOUT ME

I'm an Informatics Engineering graduate passionate about web design and development, with strong initiative and curiosity. Experienced in both Front End and Back End technologies, always eager to learn.

## SKILLS

Experience on web development with **LESS CSS**, **JavaScript**, **React.js** and **Vue.js**. Test automation and management with **Mocha** and **Chai** in JavaScript.

Experience with OOP paradigm in **Java** and **C++**.

Knowledge in relational databases such as **MySQL** or **PostgreSQL**.

**C2** English level by *Escuela Oficial de Idiomas*.

## EDUCATION

### DEGREE IN INFORMATICS ENGINEERING

**2021-2025 • UNIVERSIDAD DE ALCALÁ DE HENARES**

Honours in the subjects of Fundamentals of Programming, Advanced Programming and Fundamentals of Computer Technology.

### C1 & C2 ENGLISH • 2019-2022 • EOI ALCALÁ DE HENARES

C1 and C2 courses certified by the "*Escuela Oficial de Idiomas*" (government funded language school).

## EXPERIENCE

### CARREFOUR E-COMMERCE INTERNSHIP • FEB 2025 – AUGUST 2025

Project development using **Go** and **Vue.js**. Task management in Jira under Agile and Product Owner priorities. Code quality and Gitflow compliance.

### FULLSTACK DEVELOPMENT INTERN • JULY 2023 – JANUARY 2025

Scholarship at Universidad de Alcalá de Henares in "*Data-driven evolution in industrial SW developments*". Web development with **React.js**, **Java Servlets** and deployment with **Tomcat**.

## PROJECTS

### CONNECTED-SOUNDS (**LIVE DEMO**) – END-OF-DEGREE PROJECT

<https://github.com/davidabejon/connected-sounds>

Explore radios and cultures from around the world through a world map, made with **React Three Fiber**. Graded with 10, maximum grade.

### GESTTFX

Private web app used and developed by **UAH** for the management of final degree/master's projects, made with **React.js** and **Java Servlets**.

### PORTFOLIO

<https://davidabejon.cv/?language=en>

Personal website used as a "portfolio" made with the **React.js** framework and the **Three.js** library for 3D graphics and animations.
